Citranet Viewer

The Viewer screen lists the tickets with Test results and displays if they have been matched to tickets in LandMagic or allows user to create the ticket.Â

 Enter date range From/To that relate to the test dates Exclude Matched tickets option will only display tickets that do not already exist in LandMagic

Â

Â

Â Icon descriptions:

Match - Locate if existing tickets exist for selected

Retrieve - Pull new data from State

Delete - Delete test data records

Download - Create file of selected records for importing into Citruspro

Print State Certificate - for selected ticket(s)
