Cost Periods

Â Â
Objective

â€¢Â Â Â Cost Period - Add
â€¢Â Â Â Cost Period New Year Data
Overview

Â Â The Cost periods are used with Barn Manager for determining the cost of chemicals.Â Usually Â these are setup based on Calendar year.

Cost Period - AddÂ

Â Â Â Select the starting month of the cost periods and click Plus sign.

This will create 12 months withÂ Start and End dates of thatÂ particular Month.

Â

Cost Period - New Year Data

Â Â Prior Periods must be closed before new year data can be created.

Â Â Update each Period record to Close status then click Plus sign to generate new year
